How to create a PlayPosit assignment in Canvas

PlayPosit can be used as either an informational tool or an assignment that automatically syncs with the Canvas grade center. In order for grades to sync automatically, PlayPosit must be set up in a specific way. For more information, consult the PlayPosit knowledge base at https://knowledge.playposit.com/article/220-canvas

1. Create a new Assignment in Canvas

• Click "Assignments" in the left-hand navigation

Click "+Assignment" in the upper right corner

2. Fill out the Canvas Assignment details

 Name your assignment. It is recommended you use "PlayPosit" in the title or otherwise make it recognizable as an interactive video.

		oad This Tool In A New Tab				

• Click "Find" to configure the link.

 In the new window titled "Configure External Tool," scroll down to find "PlayPosit ASUO/EdPlus" and click it. Don't worry about the "Select" button, it will be clicked later.

• In the resulting window, click "Set Link" to enter the PlayPosit interface.

4. Option A: Choose an existing PlayPosit Bulb.

o If you have a Bulb that already exists, locate it in the list under "My Bulbs."

- On the far right side, under "Actions," click the 3-dot "kebab" menu to reveal a menu. Click "Set Bulb Link"
 - Note: You may need to resize the window using the tab in the bottom right corner.

4. Option B: Create a new Bulb

• To create a new Bulb, click the "Add New Bulb" button.

 Using the Bulb editor, create the Bulb you want to use for your Canvas Assignment. For more information about the Bulb editor, check out the PlayPosit Knowledgebase here:
